FOR THE NEW NOTICE PUBLISHED IN THE DAY 01/08/2013

INTERNATIONAL ONSITE BIDDING N° 008/2013

OBJECT: The hiring of a company to supply, unload from the ship, transport from the docks to the terminal, deliver at the warehouse, store, and nationalize 95.434 (Ninety five thousand four hundred and thirty four) tons of UIC-60E2 track to be used in permanent railines and in switches and crossings, destined for EF 151 – North South Railway, Southern Section, for the railines linking Ouro Verde/GO and Estrela D'Oeste/SP.

In subsection 5.1.1, subheading "g" of the International Onsite Bidding n° 008/2013, which reads:

g) Firm and precise total price for 95,434 tons of UIC-60E2 rail track, contain no pricing alternatives or any other condition that induces the adjudication to produce more than one result, under penalty of disqualification;

Read:

g) Offer firm and need overall price in total tons of rails UIC-60E2, for each batch, containing no alternative price or any other condition that induces the trial to have more than one result, under penalty of disqualification.

The other conditions of the tender and its opening date remain unchanged.

Brasília, August 8, 2013.
